Female	51	275	65	21	4
National School Lunch Program					
Eligible	44	265	53	12	1
Not eligible	56	282	73	30	6

<sup>#</sup> Rounds to zero.

NOTE: Detail may not sum to totals because of rounding, and because the "Information not available" category for the National School Lunch Program, which provides free/reduced-price lunches, is not displayed. Black includes African American and Hispanic includes Latino. Race categories exclude Hispanic origin.

## **Score Gaps for Student Groups**

- In 2015, Black students had an average score that was 21 points lower than that for White students. This performance gap was narrower than large cities (37 points).
- In 2015, Hispanic students had an average score that was 18 points lower than that for White students. This performance gap was narrower than large cities (28 points).
- In 2015, male students in Duval County (FL) had an average score that was not significantly different from that for female students.
- In 2015, students who were eligible for free/reduced-price school lunch, an indicator of low family income, had an average score that was 18 points lower than that for students who were not eligible. This performance gap was narrower than large cities (28 points).

NOTE: Beginning in 2009, results for charter schools are excluded from the TUDA results if they are not included in the school district's Adequate Yearly Progress (AYP) report to the U.S. Department of Education. Statistical comparisons are calculated on the basis of unrounded scale scores or percentages.
